

welcomes its

1,000th BABY

meaning their moms:

Took a chance and welcomed a nurse into their home

Experienced the support of a trained professional who focused on their strengths

Had a regular physical assessment

and were encouraged to seek pre-natal care

Developed an ongoing relationship

with a caring professional

Were given a book and informed about the

importance of reading

even before birth

Learned to bond with and keep their baby

healthy and safe

Were given counsel on the

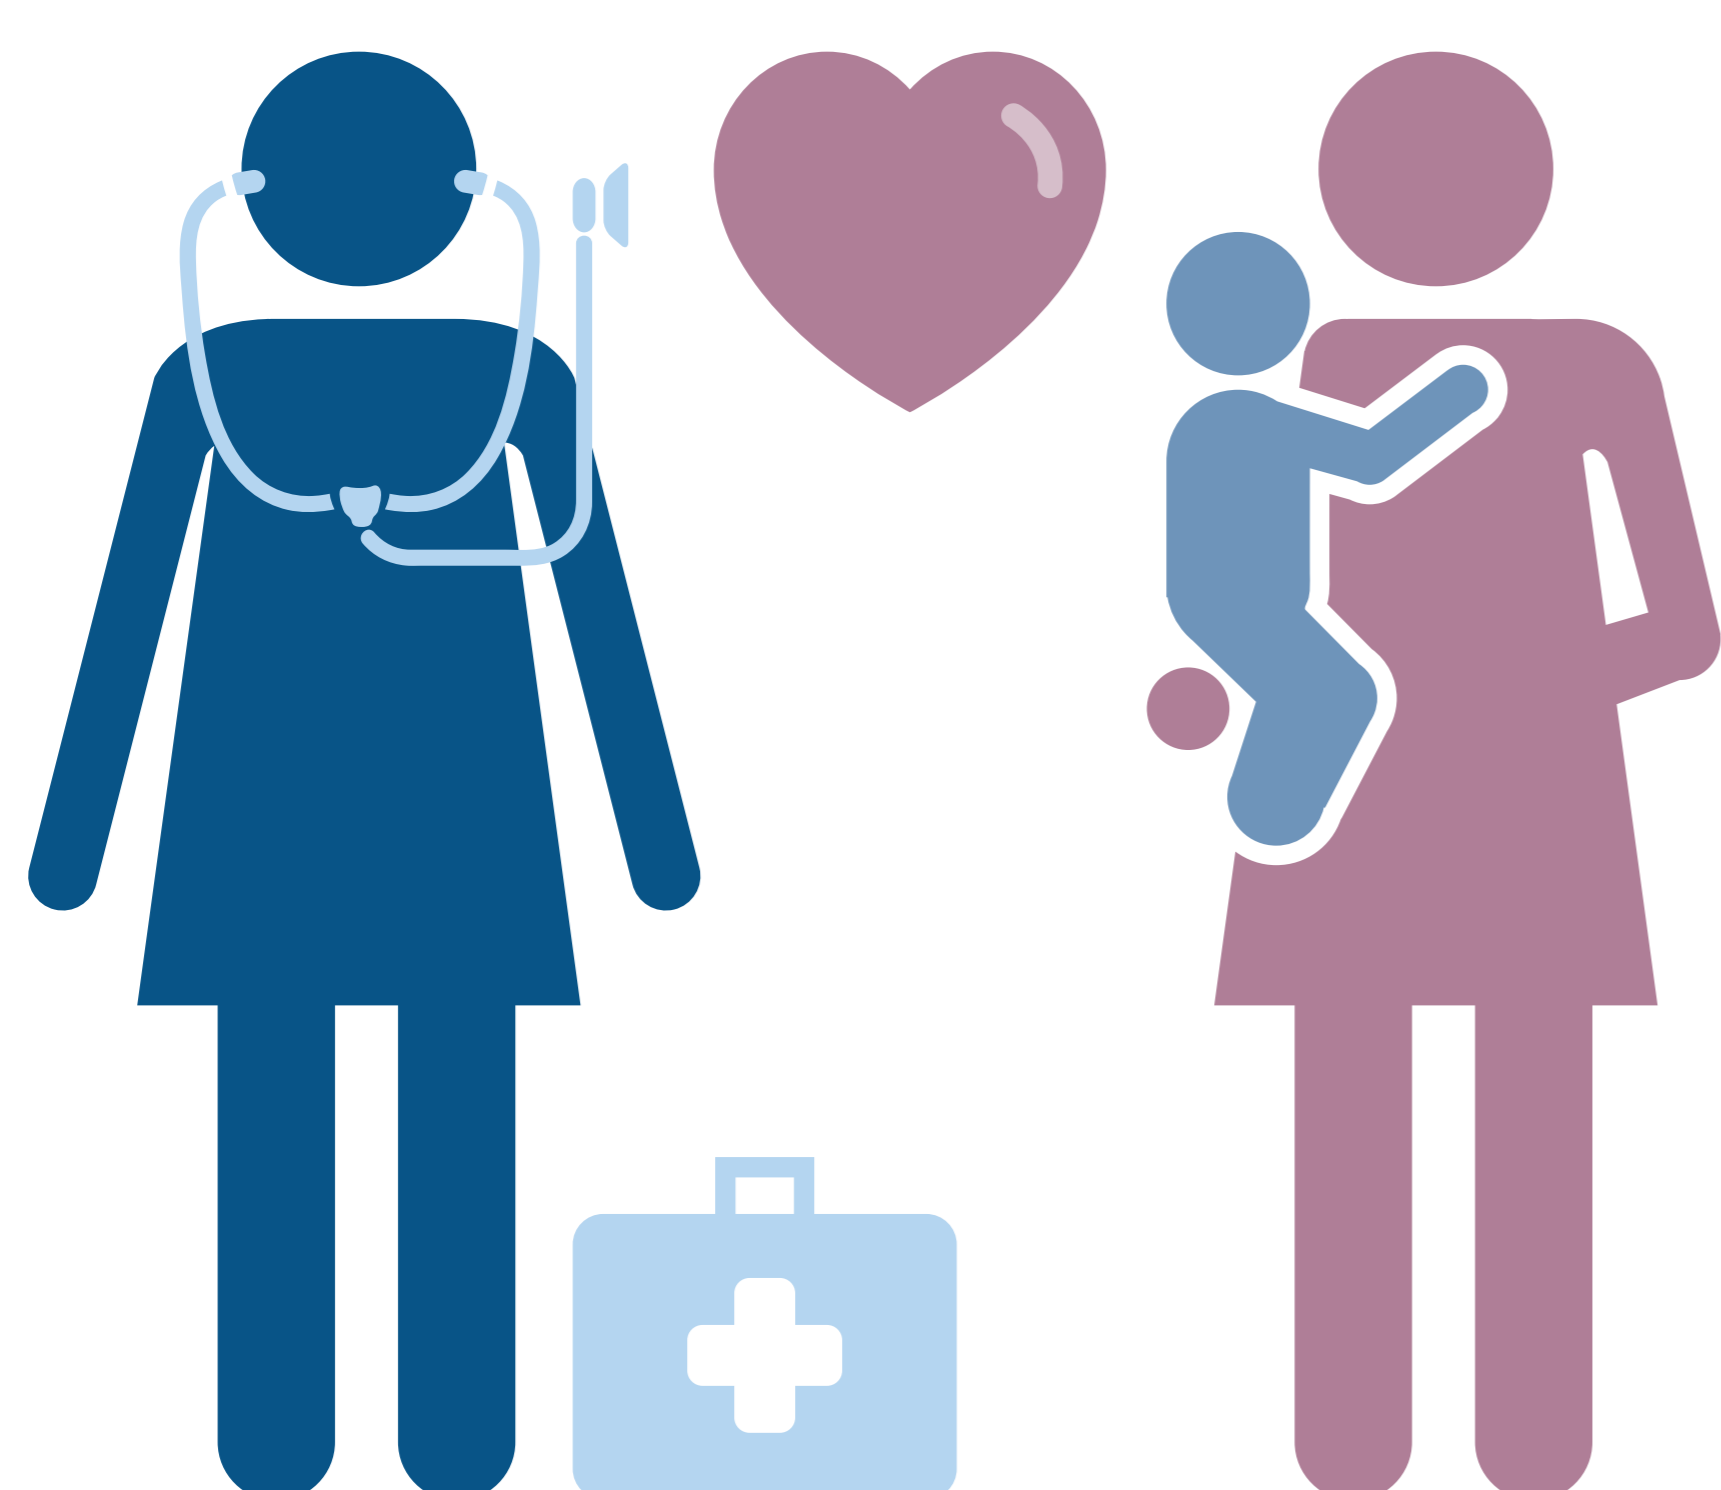

benefits of breastfeeding

and how to get started

Received resources, support and guidance

for housing, education, employment and child care

THOUSANDS of lives CHANGED

Nearly 1,500 mothers have ever been served by NFP Indiana, including those currently pregnant and 18 who had twins. Fathers and other family members may also participate.
