High School for Adults Celebrates Grand Opening with Ribbon Cutting
Goodwill's Excel Center is hosting a grand opening event on July 28 at 10 a.m.

ANDERSON, Ind. - Goodwill of Central & Southern Indiana is celebrating the relocation of its Anderson Excel Center® with a ribbon-cutting event on July 28 at 10 a.m. Located at the Flagship Enterprise Center on 2701 Enterprise Drive, the event will include a short program with speakers from the Anderson community and tours of the new facility.

The Excel Center provides a Core 40 high school diploma to Anderson residents, in addition to college credits and industry certifications - all at no cost. With flexible scheduling and expedited curriculum, students can graduate quickly and pursue postsecondary pathways such as a career with life-sustaining wages or enrollment at a college or university.

"The ribbon-cutting event culminates the opening of our new facility to students, families, staff, and community members in Anderson," said Betsy K. Delgado, senior vice president and chief mission and education officer at Goodwill. "Goodwill is committed to serving thousands of Hoosiers through our mission, education and employment services, and we appreciate the ongoing support of Flagship and our Anderson community."

Due to its proximity, The Excel Center will offer new amenities to its students, such as increased employment and postsecondary opportunities. The new facility will also offer updated spaces, more parking, and is along a bus route for easy access.

"The Excel Center stands for excellence in education combined with excellence in caring for others," shares Dr. Terry Truitt, CEO for Flagship Enterprise Center. He added, "The City of Anderson and Madison County are stronger because of the impact The Excel Center is having on our community. We are proud to have a small role in helping them achieve their mission."

To meet unique student needs, The Excel Center offers individualized life coaching to every student. Free onsite child care and transportation assistance are also available to ensure that students are successful in their coursework. Goodwill also offers a maternal-child health program, [Nurse-Family Partnership](#), in The Excel Center building, along with other mission and employment services for the community.

A new school year begins August 1 and enrollment is now open to those who wish to earn a high school diploma. To enroll, visit excelcenter.org/enroll. To schedule an interview, contact Jen Wade.
